## **FORKLIFT TRUCK RADIATORS**

NEW OPPORTUNITIES... NEW SALES!

Spectra Premium Forklift Truck Radiators are engineered, developed and validated by our in-house team of Canadian engineers ensuring it meets OE requirements. They are designed and tested to endure high mechanical stress generated by the cycling of temperatures seen in these frequent stop-and-go applications.

- Manufactured with aluminum tanks for a more robust solution
- Manufactured with heavy gauge tubes with reinforcements in the corner tubes
- Welded aluminum tanks similar to racing applications to eliminate tank-to-header leaks
- High density fin count for maximum cooling efficiency
- Rigorous product validation and cycling tests are performed to simulate real operating temperatures
